

# Coffee Producers

**Coffee is the second most valuable traded commodity globally - after oil, yet we producer countries are amongst the world's poorest. Fair Trade? For coffee producers, this is so much more than being an issue of charity – it's one of justice.**

World production of beans can be broken down to:

- 65% Central and South America
- 25% Asia/Pacific
- 10% Africa

The key coffee growing nations are:

South America	Brazil	32.6 million bags per annum
	Colombia	11.5 million bags per annum
	Venezuela	1.15 million bags per annum
	Ecuador	1.12 million bags per annum
	Guatemala	
Central America	Mexico	4.08 million bags per annum
	Panama	
	Jamaica	
Asia/Pacific	Indonesia	7.35 million bags per annum
	Thailand	1.38 million bags per annum
	Papua New Guinea	1.01 million bags per annum
	Vietnam	5.8 million bags per annum
